Zinc lozenges may shorten the duration of colds: a systematic review

Harri Hemilä

BMC Infectious Diseases

Dear Dr Hemilä

Thank you for considering BMC Infectious Diseases for your manuscript (above). Peer review of your manuscript is now complete and, in the light of the reports, I am sorry to say that we cannot consider the manuscript for publication and are closing your file. The reviewers' comments are accessible in PDF format via the links at the bottom of this email. Please contact editorial@biomedcentral.com if you have any problems opening the files.

Please note that this decision applies across the BMC-series of journals. Therefore, if you were to submit your revised manuscript to another journal within the BMC-series, your submission should also be accompanied by a full covering letter.

Thank you for your interest in BMC Infectious Diseases.
