

# Studies from children's perspectives

Su-Chu Lai(萊素珠)

Chang Gung University of Science and Technology

# I believe...

- If we know much about children, we will do better for them.

# What are children's perspectives?

- What do they say?
- What do they think?
- ...

# Study 1: Play and work

- When children finished their activities, ask them: Are you playing or working? Why?
- Results :

# Study 2 : Humor

- When children listened a picture book, they drew something about funny, interesting... and told the researcher why?
- Results :

# Child as an agent

# Study for future

- Rogoff「引導式參與」(guided participation): 成人及同儕引導兒童全心參與文化價值活動的角色
- 策略行動(strategic actions): 互動過程中幼兒如何因應成人的引導(coping strategy)，藉由分析互動內容下幼兒的策略行動，嘗試發現幼兒如何調整自己或影響他周遭的世界

Thank you!
