

## Personal details

*Name:* Jaakko Sakari Salonen  
*E-mail:* sakari.salonen@helsinki.fi  
*Home page:* www.helsinki.fi/~ssalonen

## Profile

I am a geologist and research scientist specialized in paleoclimatology, the study of Earth's past climate changes. I am also an active science communicator and popular-science writer.

## Degrees and titles

- 2017 Docent in Paleoclimatology, University of Helsinki  
2012 PhD in Geology, University of Helsinki  
Grade: *Pass with Distinction*; Minor in statistics (33 ECTS credits).  
2006 MSc in Geology and Palaeontology, University of Helsinki  
Grade: *Eximia cum laude approbatur*; Minors in computer science (74 cr) and physics (29 cr)  
*Other studies:* 2017–2022, university pedagogy, University of Helsinki (15 cr)

## Current employment

- 9/2020– Academy of Finland Research Fellow, University of Helsinki,  
Department of Geosciences and Geography

## Past employment

- 3/2014–8/2020 Post-doctoral researcher, University of Helsinki, Department of  
Geosciences and Geography  
Included a 12-month research visit to Université de Bordeaux (France)  
1/2013–12/2019 Editorial secretary, Geological Society of Finland (part-time)  
1–6, 9–11/2013 Post-doctoral researcher, Stockholm University (Sweden),  
Department of Physical Geography and Quaternary Geology  
9/2007–1/2012 Project scientist and PhD student, University of Helsinki, Department  
of Geosciences and Geography  
6/2006–9/2006 Intern, Geological Survey of Finland, Marine Geology Group  
1997–2007 Various jobs during studies (part-time)

## Skills

*Computing:* R, QGIS, ArcGIS (excellent); HTML, Python, Java, SQL (basic)  
*Analytical techniques:* Micropaleontology, statistics, machine learning  
*Languages:* Finnish (native), English (fluent), Swedish (intermediate), German (basic)

## Publications

46 peer-reviewed papers (*h*-index 26); numerous popular-scientific publications  
(For a full list of publications, see Appendix: next page)

## APPENDIX: LIST OF GRANTS, AWARDS, PUBLICATIONS AND ACTIVITIES

### Grants

- 2024: University of Helsinki, Research boost grant
- 2023: Formas (Sweden), 3-year project (co-applicant)  
Project “Resolving the Euro-Atlantic Temperature Conundrum of Rapid Deglaciation”, lead by Frederik Schenk
- 2020: Formas (Sweden) 3-year project (co-applicant)  
Project “Palaeoclimatic perspective on the latest European heat waves”, lead by Frederik Schenk
- 2020: Academy of Finland, Academy Research Fellow, 5 years (project lead)  
Project “Climate shocks: exploring abrupt events in the palaeoclimate record”
- 2017: Academy of Finland, Postdoctoral Researcher, 3 years (project lead)  
Project “Patterns, drivers, and abrupt change during warm interglacial climates”
- 2014: Finnish Cultural Foundation, 12-month post-doctoral grant (project lead)  
Project “Reconstruction of the last glacial-interglacial cycle in Fennoscandia”
- Minor grants:* 2024, Arctic Avenue spearhead project, 4-month project funding (co-applicant); 2021, Finnish Society of Sciences and Letters, grant for research costs; 2021, Arctic Avenue spearhead project, grant for research costs (co-applicant); 2011, University of Helsinki, 3-month grant for doctoral work

### Awards

#### 2022: Lauri Jäntti Prize

A literature prize awarded annually to the best nonfiction book published in Finland

### Publications

#### Research papers (peer-reviewed)

- Salonen JS**, Schenk F, Williams JW, Shuman B, Lindroth Dauner AL, Wagner S, Jungclaus J, Zhang Q, Luoto M (2025) Patterns and drivers of Holocene moisture variability in mid-latitude eastern North America. *Nature Communications* 16:3582.
- Orozco LE, Weckström J, Plociennik M, Åberg AK, **Salonen JS**, Gröcke DR, Arppe L, Heikkilä M (2025) Holocene hydroclimate and landscape changes as drivers of organic carbon cycling in a small northern Fennoscandian lake. *Quaternary Science Reviews* 357:109323.
- Gedminienė L, Spiridonov A, Stančikaitė M, Skuratovič Ž, Vaikutienė G, Daumantas L, **Salonen JS** (2025) Temporal and spatial climate changes in the mid-Baltic region in the Late Glacial and the Holocene: Pollen-based reconstructions. *Catena* 252:108851.
- Saarinen J, **Salonen JS** (2024) Miocene of Finland? – discoveries of Neogene microfossil assemblages and mammal fossils from Northern Europe. *Annales Zoologici Fennici* 61:119–129.
- Trasune L, Välijanta M, Stivrins N, Amon L, Schenk F, **Salonen JS** (2024) A comparison of plant macrofossil-based quantitative climate reconstruction methods: A case study of the lateglacial Baltic States. *Quaternary Science Reviews* 338:108811.
- Salonen JS**, Kuosmanen N, Alsos IG, Heintzman PD, Rijal DP, Schenk F, Bogren F, Luoto M, Philip A, Piilo S, Trasune L, Välijanta M, Helmens KF (2024) Uncovering Holocene climate fluctuations and ancient conifer populations: insights from a high-resolution multi-proxy record from Northern Finland. *Global and Planetary Change* 237:104462.
- Pearce EA, Mazier F, Norman S, Fyfe R, Andrieu V, Bakels C, Balwierz Z, Bińska K, Boreham S, Borisova OK, Brostrom A, de Beaulieu J-L, Gao C, González-Sampériz P, Granoszewski W, Hrynowiecka A, Kołaczek P, Kuneš P, Magri D, Malkiewicz M, Mighall T, Milner AM, Möller P, Nita M, Noryśkiewicz B, Pidek IA, Reille M, Robertsson A-M, **Salonen JS**, Schläfli P, Schokker J, Scussolini P, Seirienė V, Strahl J, Urban B, Winter H, Svenning J-C (2023) Substantial light woodland and open vegetation characterised the temperate forest biome before *Homo sapiens*. *Science Advances* 9:eadi9135.
- Harrison SP, . . . **Salonen S**, . . . Paillard J (2022) The Reading Palaeofire database: an expanded global resource to document changes in fire regimes from sedimentary charcoal records. *Earth System Science Data* 14:1109–1124.
- Katrantsiotis C, Noström E, Smittenberg RH, **Salonen JS**, Plikk A, Helmens K (2021) Seasonal variability in temperature trends and atmospheric circulation systems during the Eemian (Last Interglacial) based on n-alkanes hydrogen isotopes from Northern Finland. *Quaternary Science Reviews* 273:107250.
- Salonen JS**, Sánchez-Goñi MF, Renssen H, Plikk A (2021) Contrasting northern and southern European winter climate trends during the Last Interglacial. *Geology* 49:1220–1224.
- Stivrins N, Belle S, Trasune L, Blaus A, **Salonen S** (2021) Food availability and temperature optima shaped functional composition of chironomid assemblages during the Late Glacial–Holocene transition in Northern Europe. *Quaternary Science Reviews* 266:107083.

### Blogs

“Syvä aika” (“Deep time”, in Finnish), 2018–2019. <http://www.muutoslehti.fi/blogi/syva-aika/>

## Miscellaneous activities

### Scientific conferences

Co-author in 70+ presentations in scientific conferences

### Supervised students

2024–: Elli Kiiski, MSc, University of Helsinki (main supervisor)

2022–: Meri Mäkelä, PhD, University of Helsinki (co-supervisor)

2021–: Liiva Trasüne, PhD, University of Helsinki (main supervisor)

2020–: Multiple BSc theses, University of Helsinki

### Teaching

2022–: University of Helsinki, Responsible teacher on Geology and Geophysics Master’s Programme course “Conducting scientific research”

2009–: University of Helsinki, Contributing teacher on various courses (“Advanced topics in palaeoecology and palaeoclimatology”, “Formation of the fossil record” and “Globaalit tutkimuskysymykset”)

### Major media appearances

2024: YLE, guest in “Tiedetriippi” podcast (<https://areena.yle.fi/podcastit/1-70433480>)

2021: YLE, guest in “Tiedeykkönen” podcast (<https://areena.yle.fi/podcastit/1-50951475>)

2021: YLE, guest in “Kalle Haatanen” podcast (<https://areena.yle.fi/podcastit/1-50908468>)

2021: YLE, interview in “Ilmasto on peto” podcast (<https://areena.yle.fi/podcastit/1-50835364>)

### Consultations and advisory

2024: Heureka science centre, Scientific advisor to exhibition “Giants of the Ice Age”

2021: Zoan Helsinki, Scientific advisor to video art project about ice age environments

2020–2021: IHME Helsinki, Scientific advisor to art project “To Burn, Forest, Fire” by Katie Paterson, commissioned by IHME Helsinki.

2017: YLE, Scientific advisor to a TV documentary (series “Avara luonto”, episode “Meri joka katosi”).

### Associations

2022–: Association of Finnish Nonfiction Writers (member)

2012–: Skepsis, the Finnish association of sceptics (member)

2005–: Geological Society of Finland (member; editorial secretary in 2013–2019)
